

WET GRIP TECHNOLOGY

SURFCO HAWAII, INC.

WAX MAT® GRIP TAPE

AVIENT SOLUTION

Custom GLS™ TPE Wet Grip Formulation

WHY AVIENT?

- Customized formulation for exceptional hydrophobic grip and non-abrasive finish
- Incorporated specialty additives to enhance UV resistance and inhibit mold growth
- Solved technical processing challenges to achieve efficient coextrusion of materials and achieve optimal bonding to adhesive backing
- Enabled customer to achieve market differentiation and expand into new markets and applications

LEARN MORE

Wax Mat® is a trademark of SurfCo Hawaii, Inc.

KEY REQUIREMENTS

- Provide alternative material to traditional wax and EVA foam for grip on surfboards
- Translucent appearance
- Coextrude with polypropylene (PP) film
- Excellent UV resistance
