

KEY REQUIREMENTS

- Exceptional mechanical properties
- Good wear and abrasion resistance
- High purity and light weight

HIGH TEMPERATURE & STRENGTH

POWER TOOL MANUFACTURER

PISTON RING AND
CONNECTING ROD FOR
POWER TOOL

AVIENT SOLUTION

Edgetek™ PK PEEK Formulation

WHY AVIENT?

- Worked directly with the manufacturer from design to molding to better understand and satisfy key requirements
- Improved strength, stiffness and stability with one-stop technology service to best meet customer's needs
- Provided lightweighting solution to help customer achieve its sustainability goal
