

**VERSATILITY + PERFORMANCE**

# CABLE MANUFACTURER

AERIAL DROP CABLE JACKET

## AVIENT SOLUTION

ECCOH™ 5981 BK UV Formulations

## WHY AVIENT?

- Improved thermal behaviour giving the customer the flexibility to use the same cable design in a wide range of climates
- Enabled superior mechanical performance and water absorption over previous solutions providing versatility and outdoor use
- Provided material in black color specifically used in drop cables

## LEARN MORE

## KEY REQUIREMENTS

- Operating temperature between -40°C to 70°C
- Fire performance: CPR classification Dca-, s1, d1, a1
- Low water absorption
- Clamp resistance
- Strong UV resistance & mechanical performance
