

CORROSION & IMPACT RESISTANT

RAIL CAR MANUFACTURER DOOR PANEL

AVIENT SOLUTION

CRTM™ Composite Sandwich Panels

WHY AVIENT

- Reduced component complexity compared to metal
- Custom-engineered panel with varying core materials and thicknesses to meet performance requirements
- Reliable material supply with product manufactured in United States

LEARN MORE

KEY REQUIREMENTS

- High stiffness-to-weight ratio and improved thermal insulation to incumbent materials
- Efficient manufacturing process to ensure quality panel construction and standards
- Domestic supply and manufacturing to ensure timely delivery
